

Guiding Lights for Godly Leadership

1. Come to God in your weaknesses, but let Him use your strengths.
2. Serve His agenda, not yours.
3. Embrace your calling to be who you are and where you are.
4. Prioritize people over projects.
5. Never get stuck in a rut, but keep plodding.
6. It is better to humble yourself than to be right.
7. Be honest, but be cautious with your words.
8. Expect yourself to go the extra mile, but thank others for doing the same.
9. Build relationships, not partners.
10. Focus on ministering, not the ministry.
